Town of Winfall Public Works Sewer Collections

March 15, 2023

Sewer spills are messy, bad for the environment and can result in stiff financial penalties from state regulators. Town of Winfall does everything it can to prevent sewer spills. But we can't do it alone. You play an important role in helping us maintain an efficient public sanitary sewer system.

What causes sewer spills? It's simple. They're caused by improper disposal of items into the sewer system. We ask that you be aware of the following guidelines:

- Please avoid pouring fats, oil, or grease from cooking down the drain. Instead, collect them in a container and dispose in the trash.
- Please don't use your toilet as a wastebasket. Place a wastebasket in the bathroom to dispose of items such as disposable diapers, hand towels, baby wipes, plastics, weave hair, mop strings and personal hygiene products.
- Unless you have a garbage disposal, please don't use your drain to dispose of food scraps. Place food scraps in waste containers or garbage bags for disposal.

We appreciate your cooperation in following those few simple guidelines. Together, we can protect our sewer system and our environment. For more information, please contact the Town Office at (252)426-5015.

Sincerely,

Frederick L. Yates, Mayor
